Injection molded of UV rated, corrosion resistant material for heavy outdoor use. For use with any light fixture and/or GFCI wiring device. Comes in four attractive colors.

PATENT(S) PENDING.

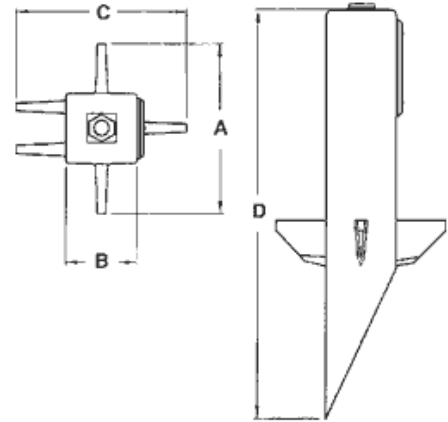

#### Features and Benefits

- Resists damage from lawn equipment
- Colorant runs all the way through the product, so it won't chip like a painted product
- Easy installation.... safe and attractive too!
- Ships with a grounded metal bushing installed, ready for a 1/2" NPT fixture installation
- Features (2) 1/2" KO's for a UL Listed enclosure
- Molded-in stabilizers for rigid support
- Post is angle-cut for easy access to underground wiring
- Includes plug for top when fixture is not installed
